Mr. J. B. Crow, of Crows Bluff, was in DeLand Tuesday, coming here to pay taxes on his Port Orange property. While in town Mr. Crow made a pleasant call at The News office. He states that water in the St. Johns is as low as he ever saw it before; the marshes are so low that there are no ducks around this winter.

Bishop McDowell, of the Methodist Episcopal Church, who is spending the winter in the Shimer house, will preach in the first M. E. church Sunday morning. Bishop McDowell is one of the foremost preachers of the country. When the new Y. M. C. A. building in Washington, which cost \$24,000, was dedicated, Bishop McDowell was chosen to preach the dedicatory sermon. He is said to be a speaker of great eloquence and force.

Mr. T. T. Crane, of Yonkers, N. Y., who is spending the rest of the winter at Putnam Inn, had a most exciting and narrow escape from death on Jan. 3, when the Merchant's Hotel at Madison, Fla., where he was then stopping, caught fire at night and was entirely consumed. Mr. Crane escaped with his life, a watch, coat and pair of trousers, by climbing out onto the roof thence down a post to the ground, as escape by the stairs was cut off by the flames. He was taken in and cared for by Dr. Geo. O. Davis, to whom he is very grateful. All the guests had narrow escapes, but all were rescued without serious injury. Mr. Crane likes DeLand and Putnam Inn, and will stop here for some time.

The average annual pay of the Florida school teacher is \$209.67. A state convict brings \$207.70. And yet some few are so narrow-minded as to oppose any increase in the salaries of the pedagogues. Palatka Times-Herald.

Councilman Bielby, chairman of the Street Committee, had the city sprinkler at work on the outlying streets last week. This is a good idea. A little water each day during dry weather will save more shell each day than the city teams could haul in a week.

A meeting of the directors of the DeLand Building and Loan Association was held Tuesday afternoon, in the office of Mr. S. D. Jordan. A dividend of 8 per cent for the year 1906 was decided on. The association is finding no trouble in putting out about all the money secured, and is making nothing but the safest loans. The annual meeting of the association will be held on February 6, as may be seen from the formal notice published in this issue.

Mr. and Mrs. V. B. Rittenhouse and Miss E. Rittenhouse, of Baltimore, are visiting their uncle, Colonel John E. Randle, at Putnam Inn for a few days. This is Mr. Rittenhouse's first visit to Florida, and he is delighted with our pine-straw roads. Mr. Rittenhouse lives about twelve miles from Gus Woodall's town, and thinks Baltimore quite a nice little burg.

Mr. R. C. Bushnell expects to move to California in May. He has disposed of all his property in DeLand, and now feels foot-loose. Mr. Bushnell has been one of our best citizens, check full of civic pride, patriotic by serving as mayor or member of the council, and general organizer of the DeLand band. His departure—if he finally decides to leave us, will be deeply regretted by all.

Frank Dixon, the noted platform lecturer, appeared in the University Auditorium, under the auspices of the Stetson Lyceum, last night. The audience was not large, owing probably to the many other entertainments this week. Mr. Dixon spoke on the subject, "The Man Against the Masses." He showed the difference between socialism and anarchy in a manner few in the audience had, perhaps, seen it before. He took the stand that the competitive system is better than socialism, that this country was inevitably coming to the one or the other, and would surely arrive within the next ten years. He made no suggestion, however, as to any possible manner of restoring competition. It was the best thing heard in DeLand in many years.

Hibbard Reappointed Postmaster.

On Monday Mr. J. H. Hibbard received a telegram from Washington announcing that he had been reappointed as postmaster. The appointment now goes to the Senate for confirmation. If he serves out the ensuing four years, this will make twelve years that Mr. Hibbard has been postmaster of DeLand.

Mrs. Clara Bouchele accompanied Miss Mary Pinnell, who has been very ill at Chaudoin Hall for some weeks, to her home in Jacksonville, the first of the week, and will remain with her there until she recovers.
